## **TUMBLING TUNES CLASS DESCRIPTION**

**MUSIC FOR BABIES:** A 45 minute mommy and me class for ages 6 - walking comfortably) that uses fingerplays, children's instruments, scarves, movement, bubbles, and parachute activities to enhance baby's sensory experience while spending quality time with a loved one. Baby gym time included.

**MUSIC & GYMNASTICS FOR WALKERS - 3 YEAR OLDS:** A 45 minute mommy and me class that mixes music, movement, preschool gymnastics, bubbles and parachute activities. Children become more aware of their innate sense of rhythm, and the joy of movement as well as increasing their sense of balance, coordination and strength.

**PARENT & TOT GYMNASTICS FOR 2 - 3 YEAR OLDS:** A 45 minute mommy & me class that focuses on specific gymnastics skills utilizing the floor, balance beam, bar, and trampoline. Children work on building strength, coordination, and balance while enjoying a fun, obstacle course to keep them moving. This class also focuses on waiting a turn and staying in line. Ends with either games, parachute or bubbles.

**2 1/2 - 4, 3 - 5 & 4 - 7 YEAR OLD GYMNASTICS:** A 45 minute separation class that focuses on specific gymnastics skills utilizing the floor, balance beam, vault, bar, and trampoline. Children work on building strength, coordination, and balance while enjoying a fun, obstacle course to keep them moving. Ends with either games, parachute or bubbles.

**5 - 8 YEAR OLD GYMNASTICS:** An hour long class that builds upon the skills in the 3 - 5 year old class. Child must be able to support their body weight on their hands (donkey kick) to enter this class. Class focuses on more difficult skills with precision but aims to keep a fun, non - competitive environment.

**2 1/2 - 8 YEAR OLD MUSIC & GYMNASTICS SUMMER CAMP:** A 3 - 4 hour camp that includes a gymnastics class, music & movement, craft, free play, parachute activity, water play and optional science time. Parents have the option for children to stay an extra hour for science and additional playtime. (Lunch, water bottle, towel and change of clothes/bathing suit required).

**ART:** An introduction to different mediums, material and styles used for art for little ones. "Shaving cream/water color painting" & "Air dry clay molding" are some examples of projects your child can create. They will get messy!

**KITCHEN SCIENCE:** Children will learn how to create fun experiments using household items while exploring the scientific method of making a guess, experimenting and deciding if their guess was correct. Dress messy!
